

Additional Information and Resources in Yolo County

The Yolo County website www.yolocounty.org/recycle/ has detailed information on County facilities (the Central Landfill and Esparto Convenience Center) and household hazardous waste in the County. There are several links in the “Special Projects” list that you may find useful including home composting, “good neighbor” program to discourage illegal dumping, and list of locations to recycle batteries. This site also has contact information for local staff people who can answer questions and offer additional resources:

Yolo County Waste Reduction Coordinator: Jennifer Caldwell, (530) 666-8856
recycle@yolocounty.org

Local Coordinators:

City of Davis, Richard Tsai: 530/757-5686 rtsai@ci.davis.ca.us

UC Davis, Lin King: 530/752-7456 ltking@ucdavis.edu

City of West Sacramento, Denise Kotko: 916/617-4589

denisek@cityofwestsacramento.org

City of Winters, Carol Scianna: 530/795-2820 x 115 carol.scianna@cityofwinters.org

City of Woodland, Heidi Hopper: 530/406-5109 hhopper@cityofwoodland.org

The County site is also the easiest way to access recycling information for each individual city without navigating through each of their sites. You’ll find the list of links at the bottom of the page www.yolocounty.org/recycle/. Each of these has lots of information on recycling other materials as well as information on used oil and filters.

The last page of the student lesson book has a list of locations in the County where used oil and filters can be taken for recycling. In 2 cities, free curbside collection service for used oil is available to customers who have individual trash service. Customers are given a special oil container and filter bag and may put the oil and filters next to (not in) their recycling carts on their regular service day. (Note that this is not available to residents of multifamily housing with dumpster service.) To order this service call Waste Management Customer Service:

City of Woodland: 530-662-8748

City of West Sacramento: 916-617-4589

Your students who work in agriculture may be interested to know that Yolo County has designated agricultural used oil recycling locations. They accept much larger quantities of oil than the other oil recycling centers (which usually have a 5 gallon limit). They include:

Pisani’s Service
2 Grant Ave.
Winters
(530) 795-9966

Yolo County Landfill
44090 County Road 28h
Woodland
(530) 666-8729

Woodland Tractor Co.
95 W. Kentucky Avenue
Woodland
(530) 666-1944

Esparto Convenience Cntr
27075 County Road 19A
Esparto
(530) 787-3387
